## SUMMARY

Software Developer with a Bachelor's degree in Computing, strong Back-End expertise, and growing Front-End experience. ASP.NET Developer with hands-on full-stack experience and multiple professional certificates, seeking opportunities to apply skills in Front-End, Back-End or Full-Stack roles.

## EXPERIENCE

### Software Developer

**AVE STUDIO** **March 2025 - Present, Siroki Brijeg, BiH**

- Developing and maintaining web applications using ASP.NET (VB.NET and C#).
- Designing, building, and optimizing custom business solutions with a focus on performance and scalability.
- Working with MSSQL databases, including query development, stored procedures, indexing, and performance tuning.
- Delivering full-stack features by implementing responsive front-end interfaces and robust back-end logic.
- Maintaining and improving legacy ASP.NET systems to enhance stability and performance.
- Participating in code reviews and knowledge sharing sessions to improve code quality and align development practices across the team.

## PROJECT

### CENTRAL STATION FOOD

AVE STUDIO • central-station.ba/ • April 2026 - May 2026

- Developed a responsive web application for online food ordering with a focus on a simple and user-friendly ordering process.
- Built a custom CMS for managing website content, including products, categories, and dynamic data updates.
- The project emphasizes usability, responsiveness, and efficient content management.

### RescueEquip

FSRE • github.com/ZvoneK99/Web-Shop • August 2025 - October 2025

- Developed a full-featured web shop for mountaineering and rescue equipment using ASP.NET Web Forms (VB.NET) and SQL Server.
- Implemented modular backend components for dynamic rendering of headers, footers, product listings, and reusable UI elements.
- Utilized ADO.NET and stored procedures for secure, efficient database access and business logic separation.
- Designed and integrated a responsive frontend with Bootstrap, jQuery, and AJAX for seamless user experience across devices.
- Enabled product browsing by categories and subcategories, advanced search, and real-time cart management with session support.
- Applied SEO best practices with clean URLs and dynamic meta tags for improved search engine visibility.

### TotalTrade.ba

AVE STUDIO

- Developed a responsive web shop using ASP.NET with integrated front-end, back-end
- Implemented a content management system (CMS) for adding and managing products.
- Enabled secure customer registration, login, and order placement.
- Designed and optimized MSSQL database structure for product catalog, customers, and orders.
- Built an intuitive shopping cart and checkout process with real-time validation.
- Created admin dashboards for monitoring sales and managing inventory.
- Engineered seamless third-party API integrations for payment processing and shipping providers, enhancing transactional reliability and expanding service capabilities.

## EDUCATION

### Bachelor's Degree in Computing

Faculty of Mechanical Engineering, Computing and Electrical Engineering • Mostar, Bosnia and Herzegovina • 2025

## CERTIFICATIONS

### Foundational C# with Microsoft

Microsoft • 2025

- Microsoft Certified: C# Fundamentals (MTA)

• Demonstrated foundational knowledge of C# programming, object-oriented concepts, and basic .NET framework.
• Relevant for software development, backend programming, and application design.
• Microsoft, 2026

### globalsoft Code Camp - Basic

2024

• Earned certification in HTML, CSS, and JavaScript, showcasing a strong foundation in front-end web development.

### Introduction to Critical Infrastructure Protection

OPSWAT Academy • 2025

### ITDojo "C# & .NET" online Bootcamp

IT Dojo, United States Embassy Bosnia and Herzegovina • 2025

## SKILLS

Front End: HTML, CSS, JavaScript, React

Back End: ASP.NET, C#, Visual Basic, MSSQL

Soft skills: Organization, Communication, Proactive, Adaptive

Languages: Croatian, English, German
